

# Save the Date!

The **Workforce Diversity & Inclusion Committee (WDIC)** is pleased to announce its next exciting Workforce Reading & Discussion (WR&D) Program!

This program is open to all levels of the organization and is designed to increase knowledge, enhance understanding, and improve relationships.

## Theme: "The Language of Diversity"

Back by popular demand **Facilitator Cornell Woodson**, CEO of Brave Trainings LLC and facilitator of our Spring 2016 "Respect & Civility in the Workplace" sessions!

Language matters. The words we choose have an impact on how people receive our message. During this WR&D session, we will unpack the language of diversity---which includes common terminology and commonly misused phrases related to race, sexuality, and gender.

**Wednesdays, 3:30pm-5pm: October 26, November 2, 9 and 16**

**Department of Emergency Response, 92 Brown Road (by the airport)**

100% of past participants would recommend this program to another County employee.

You must commit to attending all four meetings within a session.

You must have your supervisor's approval to participate.

**Registration will begin on October 5th.**

Workforce Reading & Discussion Program

**"Strengthening the diversity conversation in the workplace."**
