## INTRODUCTION

This booklet provides helpful information on the wide variety of long term support services offered to seniors in Tompkins County. These support services and living arrangements comprise the long term care network that enables seniors to live safely and comfortably throughout their lives.

In general, these services are either in-home or residential. It is important to investigate and discuss options with family and friends in order to make the best choices.

Both public and private agencies provide medical and social assistance. Seniors may only require services such as home delivered meals or they may need the complete medical and therapeutic services of a long term care facility. All the housing arrangements described in this booklet are licensed to provide service.

A companion booklet called *Housing for Seniors In Tompkins County* describes in more detail the various housing options provided in Tompkins County. Another booklet, titled *Resources for Caregivers in Tompkins County*, gives more detailed information about services to support caregivers. These booklets are available at the Tompkins County Office for the Aging along with other booklets in this series listed on the inside front cover.

## **IN-HOME ASSISTANCE**

### **Public Programs Providing Assessment and In-Home Care Services**

**NY Connects (Tompkins County)** is the “point of entry” for long term care services in Tompkins County. NY Connects provides information, referral, assessment and case management at no cost to Tompkins County residents with long term care needs. LTCS also administers publicly-funded in-home care services:

- 1. *Assessment*** - Any Tompkins County resident can request a home assessment to help them determine their care needs. NY Connects also conducts the state Patient Review Instrument (PRI) assessment required before nursing home admission.
- 2. *EISEP*** (Expanded In-home Services for the Elderly Program) provides non-medical, in-home services and case management for people 60 and over who can be cared for safely at home. Home care services include help with bathing, dressing, cooking, shopping, laundry, and housekeeping. The case manager will arrange for and monitor these services to make sure they are meeting the client’s needs. Clients pay for services on a sliding fee scale based on their income and housing expenses. There is no charge for case management.
- 3. *Medicaid Home Care*** provides a variety of home care services to Medicaid clients. Medical need must be documented by a physician. Caseworkers and nurses, under a doctor’s order, jointly coordinate personal care services to people who receive Medicaid. Services are provided without regard to age.

The ***Consumer Directed Personal Assistance Program (CDPAP)*** provides the same services as a personal care aide in the Medicaid program, however, the consumer is responsible for hiring, scheduling and designing the care plan.

## **Nursing Home Alternatives for Medicaid Recipients**

Existing Medicaid services and other supports may not be sufficient or the most efficient to meet some needs of individuals to remain in the community. The following two “Medicaid Waiver” programs may be able to provide additional needed services to some who would otherwise need nursing home level care and prefer to continue to receive care in community settings.

### Additional Eligibility Criteria include:

1. **Financial** - must not exceed the same income and asset limits for Medicaid payment of nursing home care.
2. **Safe Care Plan**-a home visit by a nurse or social worker will determine whether a “waivered service” is necessary and whether adequate care can safely be provided by informal supports, non-Medicaid supports, and Medicaid services.

### **Long Term Home Health Care Program (LTHHCP)**

The LTHHCP provides nursing, medical, social services, home care aides, nutrition, medical supplies and equipment, and all other therapeutic and related services.

### **Nursing Home Transition and Diversion Medicaid Waiver**

NHTD waiver services include assistive technology, assistance in cost of moving back into the community from a nursing home, home modifications, home visits by physician, independent living skills training, respiratory therapy, relief for non-paid primary caregivers in a 24-hour block of time and several other services.

## **Home Care Employment Registry**

**“The Registry”** is a free listing and referral service that lists households needing in-home help. The Registry links these households with independent job seekers over the age of 18. In-home job seekers are listed after they are interviewed and their references are checked. People hired for in-home care are employees of the household. The Registry may suggest an average wage, but work arrangements and fees must be worked out between the family and the worker. The Registry lists jobs for personal care aides, cleaning personnel, companions, homemakers and nurses. Wages for housekeeping and companions tend to be in the \$10 to \$15 range. Wages for hands-on personal care and home health care range from \$12 to \$17 or more per hour often depending on the amount and intensity of personal care involved. Those with nursing credentials (LPN, RN) may charge more (perhaps up to \$25 per hour). However agreed-upon wages can vary widely.

There is no fee for the matching service but contributions are welcomed.

## Home Care and Home Health Care Agencies

**Home Care and Home Health Care Services** are offered by the agencies listed in the following pages. Services may also be privately arranged. Home care may be scheduled as needed from several hours per week to 24 hours a day. Costs vary depending on the agency and the services performed. Generally, home care is provided by:

**Registered Nurse (RN)** Licensed by the State of New York to do specific medical care.

**Licensed Practical Nurse (LPN)** Licensed by the State of New York to do a lower level of medical care.

**Home Health Aide (HHA)** - Trained to provide medical-related services and personal care such as bathing/dressing.

**Personal Care Aide (PCA)** - Provides personal care such as bathing, grooming assistance, and meal preparation.

**Homemaker/Companion** - Assists with home management activities such as meal preparation, housekeeping, shopping, companion visits or escorting, running errands, etc.

Hiring someone to provide care in the home, either from an agency or privately, is an individual decision. Home care agencies are responsible for training, scheduling, supervising, arranging for substitutes, and employee benefits for personnel they employ. When a family makes an employment agreement directly with the caregiver, its members assume these responsibilities.

Payment is made by the family, a third party such as Medicaid, Medicare, or an insurance company.

## **Companion/Home Helper Services**

The following agencies provide meal preparation, light house-keeping, laundry, medication reminders, running errands, driving clients to doctor visits, and companionship, and other services. These organizations do **not** provide “hands on” personal care or home health care service. Although these agencies are not required to be licensed by the NY State Health Department since they do not provide hands-on care, they all say that their aides are screened (background checks, references) and trained and that their agencies are insured and bonded.

## MEAL AND SHOPPING SERVICES

### Congregate Meals Program (Foodnet)

The **Congregate Meals Program** is provided by **Foodnet**, a not-for-profit group that contracts with the Tompkins County Office for the Aging to operate the nutrition programs for the county. They provide meals and social time Monday through Friday at midday. Nutrition counseling and education is also provided. The sites for meals are conveniently located throughout the county, and are open to everyone over 60. Contributions for the meals are encouraged, but not required. (It costs Foodnet \$8 per hot meal or \$40/week or \$9.50 for hot meal and sandwich meals or \$47.50 per week.) Those able to contribute the full cost are encouraged to do so, but any amount helps. Food stamps are also accepted. No one is denied a meal because of inability to make a contribution.

The dining room locations are:

Ithaca	Titus Towers	273-5297
Groton	Center Village Court	279-9145
Lansing	Woodsedge Apartments	279-9146
Trumansburg	First Baptist Church	387-3015

### Meals on Wheels

**Foodnet** provides Meals on Wheels (home-delivered meals) to people in Tompkins County who are homebound and unable to prepare their own meals. A hot meal and optional sandwich meal are delivered five days a week, and frozen meals can be provided for the weekends. Nutrition education and counseling are available from the Registered Dietitian.

### Eligibility

**1. Senior Nutrition Program:** Persons age 60 and over are eligible to receive meals on wheels if they are homebound and incapacitated due to accident, illness or frailty; lack adequate support of family friends or neighbors; and are unable to prepare meals because of any one of the following:

- Lack of facilities such as refrigeration, stove, etc.
- Inability to shop and cook for self
- Inability to safely prepare meals
- Lack of knowledge and skills

2. The spouse of the homebound person, regardless of age or condition, is eligible to receive meals on wheels when the provision of a meal to the spouse is in the best interest of the homebound person.

3. Non-elderly disabled individuals who reside in a non-institutional household with a person eligible to receive meals on wheels may also receive this service when the provision of the meal to the non-elderly disabled individual is in the best interest of the homebound elderly person.

### **Cost**

Meals for eligible persons under items 1-3 above are partially funded by the Tompkins County Office for the Aging and the New York State Office for the Aging. Contributions for the meals are encouraged, but not required. (It costs Foodnet \$8 per hot meal or \$40/week or \$9.50 for hot meal and sandwich meals or \$47.50 per week.) Those able to contribute the full cost are encouraged to do so, but any amount helps. Food stamps are also accepted. No one is denied a meal because of inability to make a contribution.

4. **Foodnet Select:** Other persons under age 60 are eligible to receive meals on wheels under the criteria listed in #1 above provided they purchase the meals under the Foodnet Select program or arrange for a third party to pay for the meals on their behalf. Tompkins County and Foodnet established the **Foodnet Select** program with no state or federal funding in order to make Meals on Wheels available to more people and to help offset reductions in government grants. The **fee** is \$8 per hot meal, \$9.50 for both hot meal and sandwich. **Payment** for Foodnet Select meals must be made in advance unless special arrangements are made to bill a third party.

## CAREGIVER SUPPORT SERVICES

### Caregivers' Resource Center and Alzheimer's Support Unit

The **Caregivers' Resource Center**, a service of the Tompkins County Office for the Aging, provides information and support to individuals concerned about or caring for an aging relative or friend, living nearby or at a distance. The goal of the Center is to help caregivers provide quality care to older persons while also maintaining the quality of their own lives and the lives of their family members. The Center is also involved in identifying caregiver needs in Tompkins County, and in planning and advocating for new services on a local and statewide level. Services offered include:

Information & Referral    Counseling    Newsletter  
Lending Library    Support Groups    Training Workshops  
Volunteer & Paid Respite    *Powerful Tools for Caregivers* classes

Call for a free subscription to *In Support of Caregivers*, a quarterly newsletter with articles and announcements of interest to family caregivers.

Educational materials, periodic trainings, support group, and other supports are available that are specifically geared for those caring for loved ones with Alzheimer's or other types of dementia.

Referral is made to resources like the Alzheimer's Association, National Parkinson's Foundation, Commission for the Blind and Visually Handicapped and other health-related associations.

## **Caregiver Counseling**

**The Senior Services Program of Family and Children's Service** offers confidential consultation and support, at home or in the office, to caregivers and their families who would like the help provided by a professional in the field of caregiving. There is no charge for this service which is supported by United Way and Community Reinvestment Act funds. Contributions are requested to expand the service.

## **Caregiver Support Groups**

Family and Children's Service Senior Service Program also offers a free monthly "Caregiver Support Group" for family caregivers of older adults. (*See contact information above.*)

Call the Caregivers' Resource Center at the Office for the Aging, 274-5492, for information on its free monthly Alzheimer's Support Group and other Tompkins County support groups for family caregivers or individuals dealing with specific diseases.

## **In-Home Respite Care Options**

**Project CARE** matches community volunteers with caregivers to provide some respite by visiting with the care recipient or doing other errands or chores to free up the caregiver (*see page 24*). Project CARE may also arrange for paid aide respite for certain individuals through Tompkins County Long Term Care Services. Specific criteria must be met.

### *Privately hired Respite Services*

For a fee, you may arrange for respite aide service through one of several area agencies if they have aides available at the times you need one (*See pages 9-12*). You may also be able to hire someone privately through **The Registry**, a service of the Finger Lakes Independence Center (*see page 7*).

## **Out-of-Home Respite Care Services**

### *Adult Homes*

Short-term stays are allowed on a space-available basis at **Longview, Clare Bridge** (for dementia patients), **Sterling House, Bridges Cornell Heights**, as well as most of the smaller, **family-type, adult care homes** locally (see page 33-34). You may also want to look at places in nearby counties (e.g., Walden Place in Cortlandville, 756-8101, Ariel's in Candor, 659-3644) if you can't find an opening locally. Charges generally include meals, housekeeping, help with bath and medications, and recreational programming. Respite residents must have enough self-care skills to qualify for residential care.

### *Overnight Respite with Nursing Care*

Those whose needs exceed the adult home or enhanced assisted living level of care can consider two other options for overnight respite:

**Cayuga Ridge Health and Rehabilitation Center and Beechtree Care Center** both accept short term admissions for respite purposes on a space-available basis. A nursing home assessment and doctor's orders are needed. Contact the nursing home a few days before the date respite care is needed (*see pages 35-36*).

## **Assistance with Paying for Short-term Respite Care**

The Office for the Aging, through the "Marilyn Efroymsen Gazevitz Fund," helps stressed caregivers get a break from caregiving who could not otherwise afford to pay for substitute care. The fund is maintained through voluntary contributions. If you would like to contribute, or you need assistance in paying for substitute care, contact the Office for the Aging, 274-5492.

## **Adult Day Program**

### **Longview Adult Day Community**

Many Tompkins County families have grown to include grandparents. But with today's busy, two-career lifestyle, it's often impossible for someone to be home all day providing companionship and ensuring the safety and security of older adults. **Longview's Adult Day Community** is one possible solution. The daily \$38 fee includes personal supervision, recreational programs and medication management, as well as morning and afternoon snacks and a hot, nutritious lunch. For a brochure, or if your loved one needs to be part of **Longview's Adult Day Community**, contact:

## **Geriatric Care Management**

Geriatric Care Management offers a variety of personalized and customized services to assist elders and their families in meeting long-term care needs. All service delivery options are designed by the geriatric care manager, a professional dedicated to helping individuals and families access various resources and services. Geriatric care management options vary depending on individual needs and are available on a short-term, on-going, or long-term basis. Geriatric care management services are provided for a fee. These services may include:

- Comprehensive assessment in client's place of residence with recommendations
- Ongoing assessment and follow-up visits
- Consultation, referral, and access to community resources
- Organization of healthcare appointments
- Arrangement of home maintenance, errand services and meal delivery

- Review of organizational needs concerning finances and medical services
- Assistance with placements in a skilled nursing facility, assisted living or senior housing
- Support with discharge planning from hospital or skilled nursing facility
- Coordination of services for long-distance caregivers.

### **Airport Limousine Service**

Senior Citizens can be picked up by the airport limousine from their homes and be taken roundtrip to doctor's appointments in downtown Syracuse at the Medicaid rate (currently \$85). The limousine stops at medical offices located in the downtown area and then goes on to the Syracuse airport to pick up clients there. It will not go out of the way to outlying areas of the city. Call the Office for the Aging ahead of time to make arrangements to receive the reduced rate (274-5482).

Arrangements for the Senior Van may be made by calling the Volunteer Dispatcher. Call Monday-Friday 9 AM-5 PM, preferably a week in advance. Donations are accepted, but not required.

Dispatcher: Barbara Bills 257-4496

## **ADDITIONAL LONG TERM CARE SERVICES**

### **Project CARE**

**Project CARE**, organized by the Tompkins County Office for the Aging, matches older people with volunteers and encourages regular visits. Project CARE volunteers also can provide a needed break from caregiving and other assistance to family caregivers. For the older adult, Project CARE offers companionship and a chance for sharing time and interests. Students from several area colleges as well as year-round members of the community often volunteer and look forward to this social connection.

Volunteers might also assist with errands, light housekeeping or yard work. In some instances, Project CARE volunteers free up a family caregiver who is having difficulty finding time to take a break or attend to other responsibilities. Typically volunteers visit about two hours a week. Individual arrangements may vary.

### **Personal Emergency Response System (PERS)**

The **Tompkins County Personal Emergency Response System** is a communication system which links an individual directly with the county's emergency medical response system. Pressing a button on the unit or on a bracelet or pendant worn around the neck automatically dials an emergency rescue dispatcher. The system tests itself every 24 hours and provides around-the-clock protection, even if the person is unable to use the telephone.

The Office for the Aging Outreach Worker will make a home visit to demonstrate the system and determine how and where the equipment should be installed. PERS units are rented on a sliding scale depending upon income. The Office for the Aging Outreach staff can also provide information on other national and regional

personal emergency response systems that may meet the needs of some people.

### **Project Lifesaver**

**Project Lifesaver** provides timely response to save lives and reduce potential injury for adults and children who wander due to Alzheimer's, autism, and other related conditions or disorders. Each participant that is enrolled in the program is fitted with a Project Lifesaver wristband (transmitter) that emits a tracking signal every second 24 hours a day. The signal can be tracked by trained personnel from the Tompkins County Sheriff's Office using equipment with radio frequency tracking capability. A helicopter with radio frequency capability can be used in the search if necessary.

Personnel come to the participant's house every 60 days to change the battery and check the band to assure it is in good working order. There is a \$300 refundable deposit for the equipment and a \$10 fee for each battery replacement. Alternate arrangements will be made to cover these fees for those who cannot afford to pay them.

Call the Sheriff's office at 257-1345, extension 455, to make an appointment to enroll.
