March 10, 2015
Meeting Notes**

Major Topics of Discussion

- How do we speak about community and police not being a part of it – separate?
- What is being gained from these meetings? Too generous towards police – not really dealing with the racism.
- Let's talk about racism and impact – need more folks of color in the room. Have meetings at black churches – police should be doing outreach into communities of color.
- Shawn's death and after meeting
- Home Raids
- Videotaping folks to share their stories (IC Students, IHS students, CU students), Youtube, FB, public access
- How do we make things more meaningful?
- One story ignites other stories – how to get the benefit off your chest – so in social media – nasty attacks happen – how to hear without vilifying the person.
