INDEPENDENT AUDITOR'S REPORT

Board of Directors
Greater Tompkins County Municipal Health Insurance Consortium
Ithaca, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Greater Tompkins County Municipal Health Insurance Consortium (the Plan) as of and for the years ended December 31, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the Plan's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Greater Tompkins County Municipal Health Insurance Consortium as of December 31, 2016 and 2015, and the respective changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4-4h be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Plan's basic financial statements. The Schedules of Changes in Net Position and Claim Development Information on pages 13 and 14 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedules of Changes in Net Position and Claim Development Information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedules of Changes in Net Position and Claim Development Information are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 25, 2017 on our consideration of the Greater Tompkins County Municipal Health Insurance Consortium's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Plan's internal control over financial reporting and compliance.

Respectfully Submitted,

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

The following Management's Discussion and Analysis (MD&A) provides a comprehensive overview of the financial position of the Greater Tompkins County Municipal Health Insurance Consortium (the Plan) as of December 31, 2016 and 2015, and its results of operations for the years then ended. Because the MD&A is designed to focus on current operations, it should be read in conjunction with the audited financial statements and related footnotes.

Financial Highlights

For the year ending December 31, 2016, the Plan's net position has increased by \$1,173,320. For the year ending December 31, 2015, the Plan's net position increased by \$6,927,266. For the year ending December 31, 2014, the Plan's net position increased by \$3,851,816. The increases in net position are mainly attributable to an excess of revenues received over claims and administrative expenses.

The Plan's net position consists of the following:

	2016	2015	2014
Restricted for contingency reserve	\$ 1,925,998	\$ 1,879,368	\$ 1,803,165
Restricted for incurred but not reported claims	(1,753,652)	(1,361,219)	(1,039,180)
Catastrophic claims reserve	1,050,000	1,050,000	606,898
Rate stabilization reserve	1,758,496	1,513,287	-
Unrestricted net position	<u>16,020,443</u>	<u>14,746,529</u>	<u>9,529,816</u>
 Total Net Position	 <u>\$ 19,001,285</u>	 <u>\$ 17,827,965</u>	 <u>\$ 10,900,699</u>

A summary of operating and nonoperating revenues and expenses follows:

	2016	2015	2014
Premiums	\$ 38,519,955	\$ 37,587,353	\$ 36,063,291
Aggregate write-ins for other revenues	137,065	128,523	134,659
Nonoperating revenues - interest	16,533	13,526	12,641
Total Revenues	<u>38,673,553</u>	<u>37,729,402</u>	<u>36,210,591</u>
 Operating expenses	 <u>37,401,219</u>	 <u>31,070,977</u>	 <u>32,144,140</u>
Total Expenses	<u>37,401,219</u>	<u>31,070,977</u>	<u>32,144,140</u>
 Adjustment for incurred but not reported claims	 <u>(99,014)</u>	 <u>268,841</u>	 <u>(214,635)</u>
 Increase in Net Position	 <u>\$ 1,173,320</u>	 <u>\$ 6,927,266</u>	 <u>\$ 3,851,816</u>

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

Financial Statement Overview

The financial statements of the Greater Tompkins County Municipal Health Insurance Consortium have been prepared in accordance with accounting principles generally accepted in the United States of America, and related standards prescribed by the Governmental Accounting Standards Board (GASB).

The financial statements presented include Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position, and Statements of Cash Flows. These statements provide information about the Plan's financial position, its results of operations and cash flows for the periods presented.

The Statements of Net Position are similar to a balance sheet, in that they include the Plan's assets and liabilities. Unlike a balance sheet, liabilities are subtracted from total assets to present what is referred to as "net position."

The Statements of Net Position classify all assets and liabilities as either current or noncurrent. Current assets are assets that will be recognized within the following twelve months. Similarly, current liabilities are those obligations that will be liquidated within the following twelve months. Over time, changes in net position may indicate strength or deterioration in the Plan's financial position.

The Statements of Revenues, Expenses, and Changes in Net Position reflect all operating and nonoperating revenues and expenses for the periods presented, the change in net position based on those revenues and expenses, any adjustments to net position, and beginning and ending net position. Revenue is reported in this statement when it is earned, and expenses are recorded when the obligation has been incurred.

The Statements of Cash Flows provide information on major sources and uses of cash during the year. The cash flow statement portrays net cash provided or used in operations, investing, capital, and noncapital financing activities.

Statements of Net Position

The Statements of Net Position represent the financial position of the Greater Tompkins County Municipal Health Insurance Consortium at December 31, 2016, 2015, and 2014. The table below reflects, in summary, the financial position of the Plan at December 31:

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

	2016	2015	2014
Current assets	\$ 17,546,359	\$ 15,413,416	\$ 8,535,686
Noncurrent assets	6,744,537	6,740,506	6,907,318
Total Assets	<u>24,290,896</u>	<u>22,153,922</u>	<u>15,443,004</u>
Current liabilities	<u>5,289,611</u>	4,325,957	4,542,305
Total Liabilities	<u>5,289,611</u>	<u>4,325,957</u>	<u>4,542,305</u>
Net Position	<u>\$ 19,001,285</u>	<u>\$ 17,827,965</u>	<u>\$ 10,900,699</u>

The increases in current assets are mainly due to an excess of revenues over expenses. The 2016 increase in noncurrent assets is the result of increases in restricted cash. The 2015 decrease in noncurrent assets is primarily due to a reduction in the cash advance premium claims deposit; from a two week cash advance to a one week cash advance, partially offset by increases in restricted cash. The 2014 increase in noncurrent assets is mainly due to an increase in the required cash advance premium claims deposit. The 2016 and 2014 increases in current liabilities are primarily due to additional Section 4706(a)(5) requirements and increased unearned revenue. The 2015 decrease in current liabilities is mainly due to reduction of Section 4706(a)(5) requirements and decreased unearned revenue.

Statements of Revenues, Expenses, and Changes in Net Position

The Statements of Revenues, Expenses, and Changes in Net Position present the results of operations of the Plan for the years ending December 31:

Revenue Overview

	2016	2015	2014
Premiums	\$ 38,519,955	\$ 37,587,353	\$ 36,063,291
Aggregate write-ins for other revenues	137,065	128,523	134,659
Interest earnings	<u>16,533</u>	<u>13,526</u>	<u>12,641</u>
Total Revenues	<u>\$ 38,673,553</u>	<u>\$ 37,729,402</u>	<u>\$ 36,210,591</u>

The increases in premium revenues is primarily the result of the addition of new participating municipalities into the Plan along with the rising cost of health insurance. The changes in other revenues is the result of changes in ancillary benefit premiums received each year. The increase in interest is the result of maintaining additional cash balances in interest earning bank accounts each year.

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

Expense Overview

The following table summarizes expenses by function for the years ending December 31:

	2016	2015	2014
Claims expense	\$ 34,999,888	\$ 28,750,405	\$ 29,755,490
Administrative fees	1,046,447	1,003,466	988,796
Aggregate write-ins for other expenses	662,555	610,589	562,919
Reinsurance expenses, net of recoveries	692,329	706,517	836,935
 Total Expenses	 \$ 37,401,219	 \$ 31,070,977	 \$ 32,144,140

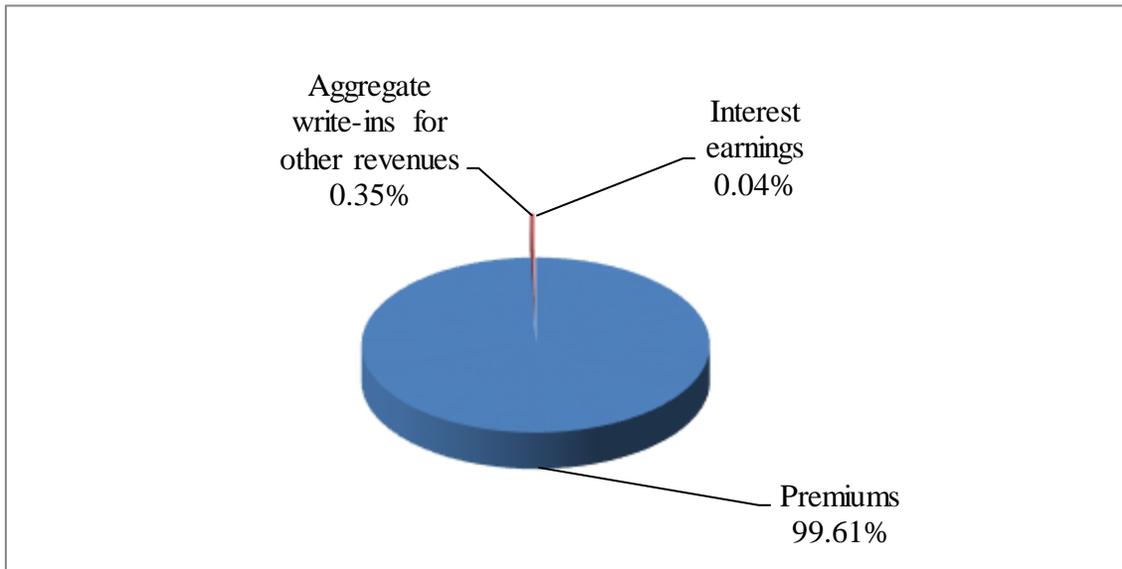

The changes in claims expense are primarily the result of insurance claims paid for participating municipality employees and the addition of new participating municipalities into the Plan. The increase in administrative and other expenses is primarily due to increased cost associated with adding new municipalities into the Plan. The decrease in reinsurance is primarily due to timing of reimbursement pay outs and the cost of reinsurance.

Schedules of Changes in Net Position

The Schedules of Changes in Net Position represent the changes in Plan reserves, incurred claims and unrestricted net position for the years ended December 31, 2016 and 2015.

Operating Expenses 2014

Economic Factors Affecting the Future

- ❖ Prior to the start of the 2016 Fiscal Year, the Consortium renewed its specific stop-loss insurance maintaining the \$400,000 deductible level which was initiated prior to the 2015 Fiscal Year. This increase in deductible was done in an effort to keep the premium increase at a reasonable level. The increased deductible does create an additional level of risk associated with the Consortium's operations. However, the Consortium experienced fewer catastrophic losses during the 2013 through 2016 Fiscal Years. This contributed to the better than expected paid claims result which allowed the Consortium Board of Directors to establish and maintain a Catastrophic Claims Reserve to help off-set the increased risk associated with the higher deductible. The Catastrophic Claims Reserve was initially established during the 2014 Fiscal Year at approximately \$600,000 to create financial resources when the stop-loss risk retention (deductible) was increased from \$250,000 to \$300,000. During the 2015 budget development process, the Board again agreed to increase the specific stop-loss insurance deductible to its current level of \$400,000. This resulted in an additional increase in exposure and lower premium expense. To help protect the Consortium's financial position, the Board of Directors voted to increase the Catastrophic Claims Reserve to \$1,050,000 for the 2015 Fiscal Year. During deliberations of the Audit and Finance Committee regarding the stop-loss insurance deductible amount for 2017, the Committee reviewed the complete past history of large loss claims (over \$100,000) and determined that increasing the deductible to \$450,000 was an acceptable risk. This will result in lower premium for 2017 than budgeted. The Audit and Finance Committee further determined the Catastrophic Claims Reserve of \$1,050,000 was adequate for 2017. This is an area which will be reviewed by the Board of Directors on an annual basis to ensure a tolerable balance is achieved between risk and the cost of stop-loss insurance.

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

- ❖ With better than expected paid claims and expense results in the initial years of operation of the Consortium, the Board of Directors made the decision, during the 2015 Fiscal Year, to establish a Claims/Rate Stabilization Reserve to further protect the Consortium's cash flow and provide additional financial stability. The level of this reserve was set at 5% of the expected/paid claims expense for the year. These funds will be used to mitigate premium rate increases if claim projections are exceeded. The Consortium's goal is to maintain reasonable, prudent, and modest premium increases for the foreseeable future. This reserve grows each year with the growth in total premiums earned.
- ❖ The Affordable Care Act's (ACA's) ongoing implementation since its inception in 2010 has resulted in increased costs to the Consortium, including the Patient Centered Outcomes Research Institute (PCORI) Fee. This fee which was \$4,448.00 in 2013 more than doubled in cost for the 2014 Fiscal year, with the \$10,252 payment made in July 2014. In 2015, this fee rose to \$2.08 per covered life and in 2016 this fee was \$2.17 per covered life. Starting with the 2017 Fiscal Year, the PCORI fee will continue to increase each year by an inflationary escalator as determined by the United States Internal Revenue Service until 2019.

In addition to the ACA PCORI Fee, the Consortium was subject to the ACA Transitional Reinsurance Program Fee which required the Consortium to pay \$316,764 during the 2014 Fiscal Year, \$221,100 during the 2015 Fiscal Year, and \$138,188 during the 2016 Fiscal Year. This particular fee has now sunset and will not impact the Consortium's financial performance going forward.

- ❖ The Board of Directors is also keeping a close eye on the effects of potential dismantling of some or all of the Patient Protection Affordable Care Act. Fees and taxes are at 0.8% of the total expenses. Should fees and taxes be altered by either increase or decrease, they can be managed in future budgets with little impact on premium equivalent rates.
- ❖ Another area which has drawn the attention of the Consortium's Board of Directors is the significant increase in the cost of prescription medications on a per fill basis. The cost per fill for 2016 was 17% greater than 2015. These increases are being seen across all tiers of medications with significant growth in specialty pharmaceuticals purchased by covered members. The cost per fill of Specialty medications increased 29% between 2015 and 2016. The Board was informed that much of this increase were claims for hepatitis medicines which can only be given once and will not be recurring. The Board of Directors will continue to work with ProAct, Inc. and its other advisors to mitigate the rate of growth in this area.
- ❖ The Consortium continues to see a decrease in Incurred But Not Reported (IBNR) actuarial findings. For 2011, the Consortium's calculated IBNR was 10.15% of paid claims. The IBNR calculation for 2016 is 7.45%. While this does not affect the mandated 12% of actual paid claims reserve required by the NYS Department of Financial Services, it does provide sound data that the 12% IBNR will not be increased in the foreseeable future.

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

- ❖ The Town of Marathon, the Town of Virgil, and the Town of Truxton joined the Plan on January 1, 2016. In addition, on January 1, 2017, the Town of Aurelius, Town of Cincinnatus, Town of Montezuma, Town of Moravia, Town of Preble, Town of Scipio, Town of Springport, and Village of Union Springs joined the Consortium. The Consortium continues to gain interest from neighboring municipalities.

Contacting the Plan's Financial Management

This financial report is designed to provide the Plan's member municipalities, Plan participants, and other stakeholders with a general overview of the Plan's finances and to demonstrate the Plan's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Greater Tompkins County Municipal Health Insurance Consortium, at 125 East Court Street, Ithaca, New York, 14850.

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2016 and 2015

***Note 1* Summary of Significant Accounting Policies**

The financial statements of the Greater Tompkins County Municipal Health Insurance Consortium (the Plan) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units engaged only in Business-type Activities. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

Description of the Plan

The Greater Tompkins County Municipal Health Insurance Consortium was organized in 2010 as an Article 5-G General Municipal Law (GML) municipal corporation to provide health insurance benefits for its member municipalities. The term "Municipal Corporation," as defined by 119-N of the GML, includes a county, city, town, or village. The Plan's general objectives are to formulate, develop, and administer, on behalf of the member participants, an adequate program of insurance in a cost effective manner. Municipalities joining the Plan must remain members for a minimum of three years; a participant may withdraw with written notice prior to October 3rd of each Plan year. Municipalities applying for membership in the Plan may do so with two-thirds approval of the Board. Plan underwriting and rate setting policies have been established after consultation with third party administration. Plan members are subject to supplemental assessment in the event of deficiencies. Premium assessments are determined annually, and should assets of the Plan be exhausted, members would be responsible for the Plan's liabilities. The Consortium added three new participating municipalities; the Town of Marathon, the Town of Truxton, and the Town of Virgil in 2016. The new members added 53 contracts to the pool and provide a cushion in maintaining the required 2,000 covered lives threshold under Article 47 of NYS Insurance Law. Plan members currently include 20 municipalities.

Basis of Accounting/Measurement Focus

Basis of accounting refers to when revenues and expenses and the related assets and liabilities are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus. Measurement focus is the determination of what is measured, i.e. expenditures or expenses.

- **Accrual Basis:** Activities of the Plan are accounted for on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recorded when incurred.

***Note 1* Summary of Significant Accounting Policies - Continued**

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Unpaid Claims Liabilities

The Plan establishes claims liabilities based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and of claims that have been incurred but not reported. Because actual claim costs depend on such complex factors as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount. Claims liabilities are periodically recomputed to produce current estimates that reflect recent settlements and other factors, and are adjusted annually to approximate 12% of claim expenditures. Adjustments to claims liabilities are adjustments to net position and charged or credited to expense in the periods in which they are made.

Reinsurance

The Plan uses reinsurance agreements to reduce its exposure to large losses on insured events. Reinsurance permits recovery of a portion of losses from the reinsurer, although it does not discharge the primary liability of the Plan as direct insurer of the risks reinsured. The Plan does not report reinsured risks as liabilities unless it is probable those risks will not be covered by the reinsurer.

Net Position

Restricted

Restricted for Contingency Reserve: A contingency reserve of 5% of current year premiums was established in accordance with New York State Insurance Law, Section 4706 (a)(5).

Restricted for Incurred But Not Reported Claims: A reserve required by Section 4706(a)(1) of the New York State Insurance Law. The New York State Department of Financial Services has allowed the Plan to utilize a factor of 12% of expected incurred claims as the estimate of this liability (see Unpaid Claims Liabilities note above). The estimate of expected incurred claims is actuarially determined.

Board Designated

Rate Stabilization Reserve: A reserve equal to approximately 5% of the expected incurred/paid claims for the fiscal year.

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2016 and 2015

***Note 1* Summary of Significant Accounting Policies - Continued**

Net Position - Board Designated Continued

Catastrophic Claims Reserve: A reserve equal to approximately 2% of the expected paid claims for the fiscal year.

Unrestricted: If a surplus of assessments exists after the close of the Plan year, after provision for payment of all known unsettled claims, and after receipt of an annual independent financial audit, the Board may retain from such surplus an amount sufficient to establish and maintain a claim contingency fund. Surplus funds in excess of the amount transferred to, or included in, such contingency fund shall be applied in reduction of the next annual assessment or to the billing of Plan participants. Unrestricted net position represents an appropriation of this excess for this purpose. Any deficit net position balance will need to be recovered from future premium adjustments.

Related Parties

The Plan is currently made up of 20 participating municipal corporations, with three new participating municipalities joining the Plan in 2016. Representatives of each participating municipal corporation serve on the Board and premiums are collected from the municipal corporations. Eight new municipalities will be joining the Plan during 2017.

Concentration of Credit Risk

The Plan maintains its cash balances at two financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. At December 31, 2016 and 2015, all accounts were fully collateralized.

Concentration of Operating Revenues

The Plan received approximately 99.6% and 99.6% of its operating revenues from premiums collected for the years ended December 31, 2016 and 2015, respectively.

Cash Equivalents

For financial statement purposes, the Plan considers all highly liquid investments of three months or less as cash equivalents.

***Note 2* Cash and Investments**

The Plan's investment policies are governed by State statutes. Plan monies must be deposited in FDIC-insured commercial banks or trust companies located within the State. The Chief Fiscal Officer is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and U.S. Agencies, obligations of New York State or its localities, and repurchase agreements.

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2016 and 2015

Note 2 Cash and Investments - Continued

Collateral is required for demand and time deposits and certificates of deposit not covered by Federal Deposit Insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities, school districts, and BOCES.

Deposits are valued at cost. Total financial institution (bank) balances at December 31, 2016 and 2015, were \$23,563,970 and \$21,566,522, respectively. Carrying values at December 31, 2016 and 2015 were \$23,487,426 and \$21,566,522, respectively. These deposits were fully insured and/or collateralized at December 31, 2016 and 2015.

Restricted cash balances of \$6,217,037 and \$6,213,006 at December 31, 2016 and 2015, respectively, represent funds set aside to fully fund the restricted contingency reserve, the catastrophic claims and rate stabilization board designated reserves, and a significant portion of the incurred but not reported claims liability.

Note 3 Rebates and Reimbursements

Reinsurance expense is shown net of reimbursements and rebates. Gross amounts and rebates are as follows at December 31,:

	2016	2015
Reinsurance expense	\$ 934,903	\$ 891,560
Reimbursements and rebates	(242,574)	(185,043)
Reinsurance Expense, Net	\$ 692,329	\$ 706,517

Note 4 Restricted for Contingency Reserve

A contingency reserve of 5% of current year premiums was established in accordance with New York State Insurance Law, Section 4706 (a)(5). The reserve is established as follows:

	2016	2015
Contingency Reserve	\$ 1,925,998	\$ 1,879,368

GREATER TOMPKINS COUNTY MUNICIPAL HEALTH INSURANCE CONSORTIUM

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2016 and 2015

Note 5 Contingencies

Claims Liability

The BlueCross/BlueShield premiums include claims paid for the years ended December 31, 2016 and 2015, and an adjustment to account for the BlueCross/BlueShield financing arrangement of billing actual claims paid one week in arrears. This one week delay requires the Greater Tompkins County Municipal Health Insurance Consortium to fund approximated costs, as actual claim payments are charged one week later. No significant differences have been experienced or are expected between monthly adjusted premium billings and actual monthly settlements in succeeding billings.

The Consortium also maintains specific stop-loss insurance coverage. This provides a maximum of \$1,000,000 of coverage inclusive of deductibles for individual claims and specific stop-loss insurance coverage at December 31, 2016 and 2015.

Note 6 Liabilities - Unpaid Claims

As discussed in Note 1, the Plan establishes a liability for both reported and unreported insured events which includes estimates of both future payments of losses and related claim adjustment expenses.

The following represents changes in those aggregate liabilities:

	2016	2015
Liability for unpaid claims - Beginning of year	\$ 3,631,889	\$ 3,800,339
Incurred claims and claim adjustment:		
Claims expense	34,999,888	28,750,405
Claims paid	(34,300,059)	(28,650,014)
Adjustment for incurred but not reported claims	99,014	(268,841)
Liability for Unpaid Claims - End of Year	\$ 4,430,732	\$ 3,631,889

Note 7 Subsequent Events

The Board of the Plan approved the applications of the Town of Moravia, the Town of Preble, the Town of Scipio, the Town of Springport, the Village of Union Springs, the Town of Cincinnatus, the Town of Aurelius, and the Town of Montezuma. These municipalities will become plan participants effective January 1, 2017, adding additional contracts to the pool and provide a cushion towards maintaining the required 2,000 covered lives threshold under Article 47 of NYS Insurance Law.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Greater Tompkins County Municipal Health Insurance Consortium
Ithaca, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Greater Tompkins County Municipal Health Insurance Consortium (the Plan), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Plan’s basic financial statements, and have issued our report thereon dated April 25, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Plan's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of Plan’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Plan's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully Submitted,
