Youth Engagement

Employment in the News

September 2024: TCWD Newsletter

In partnership with Tompkins County Workforce Development, FLRC also offers residents the opportunity to participate in the <u>Summer Youth Employment Program (SYEP)</u>. Through funds from the New York Office of Temporary and Disability Assistance, SYEP participants are paid for their work and often able to leave the facility with substantial savings.

One of the projects SYEP participants worked on at FLRC is grill repair for Taughannock Falls State Park. Because the facility is equipped with a metalwork shop, this is a great opportunity for residents to develop their welding skills, earn income, and give back to the community. As designated residents work in this program, they model to their peers the benefits of participating in vocational programs. These opportunities give youth more autonomy over their futures by opening their eyes to their own capabilities.

Metal work repairs	1 large fire ring, 2 large & 6 regular grills
Wood working: 1,100 blue bird kits	Raised \$22,000 for the NYS parks.
Culinary, food prep	230 kitchen shifts
Landscaping	70 hours Kings Cemetery shifts
Maintenance	cleaned our facility all summer, shampooing carpets and disinfecting all bathroom and shower areas.

SYEP Workshops

The importance of workshops within our program.

- Mental Health: learning coping skills, learning how to cope with stress at work. Learning how to seek resources when experiencing stress at work. Mental Health Association (MHA)
- Mid-State COSH: learning how to navigate difficult customers, unsafe work scenarios, labor laws and anti-discrimination.
- Career Exploration: TST BOCES-Joe Palladino
- Financial Literacy: learning the importance of making wise decisions with their money.

 Learning how to earn, save, borrow, spend and protect assets. Alternatives Federal Credit Union (AFCU)

## Youth Perspectives...

# High school gradate transition to TC3

I really enjoyed being a part of SYEP this past summer. It was an incredible opportunity to work in a real job setting, it gave me a chance to be able to work when I was not able to get employment by myself. I also got to explore my career path and gain experience in that field, which helped me figure out what I want to pursue in the future. Overall, the experience helped me grow both personally and professionally, and I'm grateful for the chance to be part of it

2 SYEP youth were hired directly as a permanent employee at their worksite.

9 youth were hired by area employers after completing the SYEP Program

4 youth said they confirmed their career pathway.

App

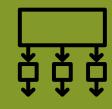

This past summer the Southworth Library was able to employ two youth workers who had not had any previous work experience and limited library experience through the SYEP program. Their tasks included helping with our very busy summer kids' programs, general library work, some work on the computers for our statistics and record keeping and assisting general public use.

They were both friendly, hard workers and a pleasure to have here. They got along well with each other, with all the staff and were willing to do any tasks we had for them. Our summer reading program included one or more programs a day with more than 500 participants over the summer. The SYEP employees were a life saver for us! --Diane Pamel, Library Director

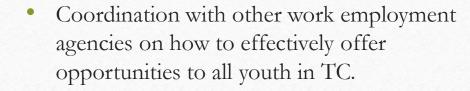

## What did We learn?

- Transportation is still a major barrier for youth.
- Frequent worksite check-ins allowed us to build rapport with our youth and their supervisors to support a better experience for everyone. We were also able to engage our youth and offer supports for mentoring in other areas of their lives like Individual interview practice, importance of doing well in school, encouragement in participating in sports/team activities, and advice on challenging circumstances...
- Incentives were not offered this summer, and we did feel that it hindered some youth engagement and progress.
- Earlier communication with area originations and worksites.

## What are Our next steps?

 Pre SYEP engagement to allow emphasis on youth such as foster care, the justice system, homeless and "at risk "work experiences

Engage with worksites to keep/build relationships and determine their workforce needs moving forward.

DSS referral pipelines

## 23% of total allocation was expended for PY24 September 2024

35% of the allocation must be spent on participants - \$131,578.25 overall.

As of September 2024, reports - \$55,108.83 participants (15%) \$32,865.09 (8%) operating expenses of total expenditures

The WIOA Youth Program focuses primarily on out-of-school youth, requiring local areas to expend a minimum of 75% of WIOA youth funds on them. The program includes 14 program elements that are required to be made available to youth participants. WIOA prioritizes work experience through a 20% minimum expenditure rate for the work experience program element.
