## Chair's Report

I am pleased to announce that the UNA project has been selected to win the NYS Association of EMC's annual award in the Project/Plan category. The award will be presented at the NYSAEMC meeting in Canandaigua on November 3. The award is a big honor and is testimony to the excellent work done by so many EMC members.

This award should spur interest in the UNA project across the state, and perhaps our project will serve as a model for other EMCs. Congratulations to all who worked on the project!

## County's Public Safety Communication System (Towers) Committee

The County is negotiating the scope of services contract with the proposed consultant. We would like to update the EMC's county-wide list of towers/tall structures. Copies of the list will be distributed at our November EMC meeting. Please provide feedback on any changes at or after the meeting.
