

**Medical Director's Report  
Board of Health  
May 2013**

I am sorry to miss your board meeting this month as I am out of town.

**General Activities:**

Over the last month I have reviewed immigration records for immigrants to the county, reviewing their TB testing status, vaccination status and disease status.

I attended the annual Blood borne Pathogen Committee Meeting on April 16th.

Signed and reviewed Children with Special Care Needs authorization forms.
