**Provider  
Directory**

Network**

**Excellus**  

Dental care is an important part of staying healthy. And just like most care, prevention is the most effective and least costly way to go. That's why our dental plans are designed to reduce costs for preventive care services such as cleanings, exams, and dental X-rays when you utilize a participating provider.

## How it works

### Reimbursement

All covered services are paid in accordance with a schedule of allowances or the dentist's charge, whichever is less.

### Pre-treatment Estimates

Your dentist is able to indicate a course of treatment and estimate the final cost before treatment begins. This will inform you in advance what services are covered and what your out-of-pocket expenses will be.

### Participating Dentists— The Network Advantage

Members can visit any licensed dentist (participating or non-participating) for covered services. When you use a participating dentist, your out-of-pocket costs will generally be lower and participating dentists have agreed to accept a schedule of allowances as payment in full. They will not bill you for the balance. Participating dentists will also submit the necessary paperwork for you.

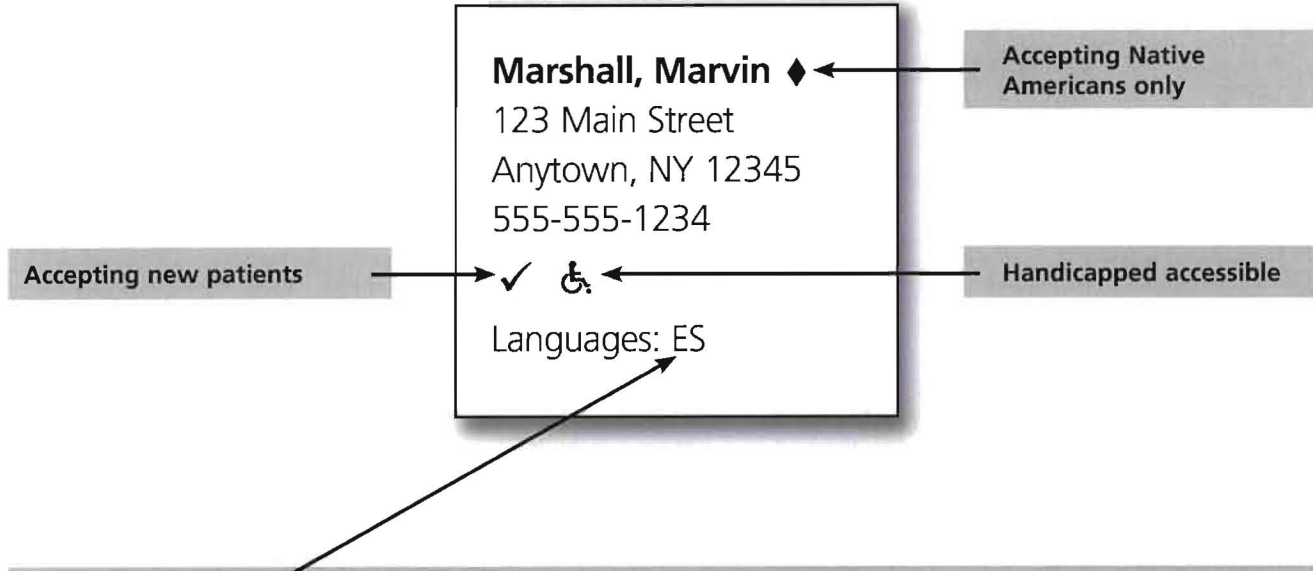

### Non-participating Dentists

Non-participating dentists are not obligated to accept our schedule of allowances. If you choose a non-participating dentist, you are responsible for filing your claim, and payments will be made directly to you. You will also be liable for the difference between the allowed amount and the dentist's actual charge for all covered services.

The information in this directory is subject to change after publication. To verify any information or to see if your dentist has recently joined, please call your dentist, our Dental Services Unit at 800-724-1675 (TDD: 315-448-6764), or visit our web site at [ExcellusBCBS.com](http://ExcellusBCBS.com). Many of the health care providers in our network join quality programs. Participation in a quality program is not required to join or stay in our network.
