Proposed changes to training/personnel module (via Sgt Young, IPD) to be discussed at Sept LETSS:

-Remove ALL "training categories" under the pull down menu "CODES" & Replace with the attached list. I know it is a long list , but once it is in there it will work for all agencies within the county, when they decide to use this part of the system.

-Remove ALL "listed categories" under the pull down menu "Course Number" and replace with the following:

- In-Service Training

- Outside Training

Changing the Course Number Menu will make searches for internal or in service training much easier.
