TRUMANSBURG	13011	308	5906	55
	45276	705	30327	217

21% of Interlibrary loans were from the rural libraries in Tompkins County

**\$694,795**

Grant funds provided to member libraries

Value of consultations provided to member library staff and trustees

**\$42,512**

## FLLS VALUE OF SERVICES

4,639 ILL items provided to member library patrons

**\$115,975**

Value of weekly delivery of books, movies, and other items to member libraries

**\$151,416**

**\$43,400**

Value of workshops, meetings, and trainings provided to member libraries

# Our Challenges

- Increased costs for digital needs and advancing technology
- Minimum wage and living wage standards
- Increased complexity of library services

# Recommended Budget

	2018 Modified	2019 Recommended	\$ Change	% Change
<b>Expenditures</b>	<b>186,550</b>	<b>190,281</b>	<b>3,731</b>	<b>2.00%</b>
<b>Net Local</b>	<b>186,550</b>	<b>190,281</b>	<b>3,731</b>	<b>2.00%</b>

- In 2017 heart disease caused 138 deaths/100,000 in Tompkins County
- 451 (6%) emergency response calls were related to cardiac incidents

## SUDDEN CARDIAC ARREST

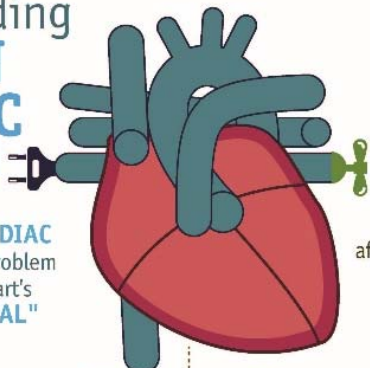

### Understanding SUDDEN CARDIAC ARREST

**SUDDEN CARDIAC ARREST** is a problem with the heart's "ELECTRICAL" system

Usually strikes **WITHOUT WARNING**

The heart **SUDDENLY STOPS BEATING**, and no blood is pumped to the rest of the body

People with sudden cardiac arrest **WON'T HAVE A PULSE**

### VS. HEART ATTACK

A **HEART ATTACK** affects the "PLUMBING" of the heart

People may have **EARLY SIGNS**

**BLOOD SUPPLY** to the heart muscle is **REDUCED OR BLOCKED**, but the heart **KEEPS BEATING**

People **HAVE A PULSE**, unless the heart attack causes sudden cardiac arrest

### Quick Action **SAVES LIVES**

- 1.** Call 911

- 2.** Immediately start CPR, hands only

- 3.** If available, use an automated external defibrillator (AED) to provide an electric shock to the heart, within minutes

▶ **SURVIVAL RATES COULD DOUBLE OR TRIPLE** if more people **TAKE ACTION AND KNOW** what to do when someone is in sudden cardiac arrest

Sudden cardiac arrest claims **ONE LIFE EVERY 90 SECONDS**

Information provided for educational purposes only. Please consult your health care provider regarding your specific health needs.

# AED

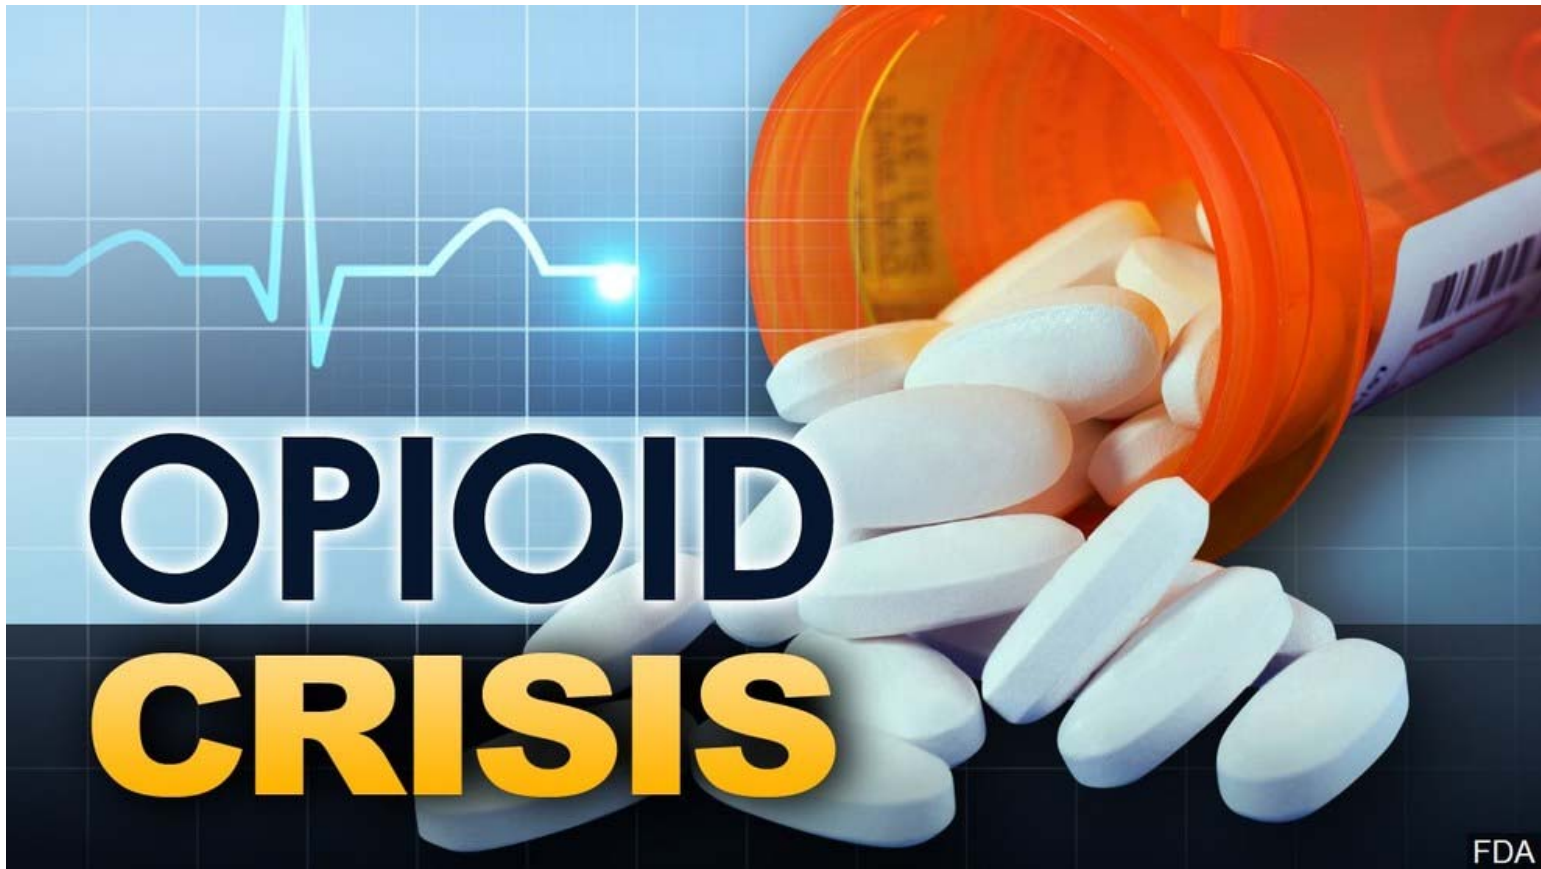

## On Site

# AED's in Libraries are a necessity

“Narcan can be the difference between life and death for someone experiencing an overdose, so it’s important that it’s readily available,” said Senator George Amedore. “Libraries are gathering centers for a community, so it is common sense that they be prepared in case they are faced with this type of emergency.

**NALOXONE**  
**SAVES LIVES.**

# Over-Target Requests Supported by the Recommended Budget

Page #	OTR #	Priority	Req. OTR	Req. Source	Rec. OTR	Rec. Source	Purpose
5-44	null	1	\$14,700	One-Time	\$14,700	Target	AEDs/Narcan and Training for Rural Libraries

- CPR/AED Training (\$113/person x 26 staff members) \$2950
- AEDs, with cases, cabinets, accessories (\$2,350 ea. x 5) \$11,750
- OTR Total \$14,700

Good libraries build services-

GREAT libraries build communities

Thank you for your support!
